

BUILDING TOMORROW'S LEADERS WITH STUDENT CONVENTIONS

Introduction:

Lighthouse Christian School works to develop the hidden talents of students, so that they will be better equipped for tomorrow!

Each year a Junior Convention for ages 8-12, held locally, encourages this age group to participate in over 100 different events, including music, athletics, art, platform, crafts, and table games.

An annual Regional Convention for ages 13-19 is held in the prairie region, with entrants from 3-4 provinces. Students may compete in over 125 events. Students may also compete at the International Convention, held in varying locations in the U.S.A.. Student Convention is considered to be an integral part of student training, thus all students are expected to participate.

From a University Professor in Saskatoon, Saskatchewan

I would sometimes take my university students on a tour of a school using the Accelerated Christian Education program. My students and I were always impressed at the conscientiousness of the pupils who seemed not to be in competition with their peers, but only themselves. The deportment of these children was impeccable—they were unflinchingly respectful of adults and of one another. Further, if I were a parent of one of these students, I would not worry about my child having a circumscribed academic future. Studies from across the continent show that students from alternative schools excel on various standardized tests and flourish at university.

Office Hours:

Monday to Friday
9 AM—4:30 PM
Central Time

Individualized

Individualization makes it possible for each student to master the subject matter before moving on. Such mastery is the foundation upon which all future learning is built.

Academic Excellence

Individualization produces academic excellence. A.C.E. students continue to demonstrate above-average achievement. One reason is that students take responsibility for their own learning. Another reason is that students receive character training in wisdom.

Character Building

Character training received as part of this learning experience prepares students to welcome and accept challenges and future opportunities that come their way.

Traditional Values

Biblical values and concepts considered foundational to meaningful interpersonal relationships and productive living are conveyed throughout the curriculum in such a way as to become life-shaping influences.

“Accelerated Christian Education students knock the tops out of the Canadian Achievement Tests, consistently!”

Excellent Education

The Accelerated Christian Education program has produced outstanding graduates for the past 35 years. With the Canadian headquarters in Southport serving schools all across Canada, reaching thousands of students, some outstanding results have been achieved. Doctors, nurses, lawyers, school teachers, engineers, chemists, pharmacists, college professors, mayors, politicians, pastors, principals, and accountants all report that the education they received from the Accelerated Christian Education program has amply provided them with the skills and character to succeed in life.

Field Trips

quarterly throughout the year, educational and life preparing.

Honour Roll

quarterly all students on Honour Roll are given special privileges.

Electives
