Math

Math Level 1

- 1001** Character objective: Appreciative
Scripture: I Thessalonians 5:18
Counting 1-5
Numbers 1-5
Groups of how many
- 1002** Character objective: Concerned
Scripture: Galatians 6:2
Counting 6-9
Numbers 6-9
Groups of how many
- 1003** Character objective: Cooperative
Scripture: Psalm 133:1
Addition 1-5
Word problems
Vertical addition
- 1004** Character objective: Dependable
Scripture: I Timothy 6:20
Addition 6-9
Vertical addition
Word problems
- 1005** Character objective: Efficient
Scripture: Ephesians 5:16
Subtraction 1-5
Take away
Vertical subtraction
Word problems
- 1006** Character objective: Flexible
Scripture: Colossians 3:2
Subtraction 1-9
Take away
Vertical subtraction
Word problems
- 1007** Character objective: Honest
Scripture: II Corinthians 8:21
Write 0
Addition and subtraction with zero
Add to 10
Write numbers 1-20
- 1008** Character objective: Generous
Scripture: Acts 20:35
Counting by 10s
Place values
Addition to 18
Write and count numbers 1-30
- 1009** Character objective: Joyful
Scripture: Ephesians 5:19
Count and write numbers 1-100
Subtract 10-18
- 1010** Character objective: Submissive
Scripture: Hebrews 13:17
Add money
 Pennies, nickels, dimes
Comparing (longer/shorter)
Tell time
- 1011** Character objective: Friendly
Scripture: Proverbs 18:24
Number words
Cups, pints, quarts
Shapes
 Circle, square, triangle, rectangle
- 1012** Character objective: Thrifty
Scripture: Isaiah 52:13
Contrasting numbers
 The same
 Not the same
 More than
 Less than
Addition and subtraction on a number line

Math Level 2

- 1013** Character objective: Attentive
Scripture: Hebrews 2:1
Count and write numbers 1-100
Count by 10's
Addition facts 1-18 Vertical/Horizontal
Subtraction fact 0-9 Vertical/Horizontal
Recognize symbols + - =
Shapes
Number order - before and after
Numbers and their number words
- 1014** Character objective: Confident
Scripture: Philippians 4:13
Addition
3 addends
Subtraction - tens and ones
Shapes and patterns
Colour words
- 1015** Character objective: Courageous
Scripture: Deuteronomy 31:6
Count and write numbers 101-200
Addition
Tens
Ones from tens and ones
Subtraction
Tens
Ones from tens and ones
- 1016** Character objective: Determined
Scripture: I Corinthians 2:2
Count and write numbers 201-300
Addition Ones and tens to ones and tens
Subtraction ones and tens from ones and tens
Learn ordinal numbers
Review shapes
- 1017** Character objective: Equitable
Scripture: Proverbs 1:3
Count and write numbers 301-400
Review even and odd numbers
Addition and Subtraction
Hundreds, tens, ones
Review ordinal numbers
Learn greater than and less than
- 1018** Character objective: Forgiving
Scripture: Colossians 3:13
Learn how to carry
Recognize symbols + - =
Count by 2s, 5s, & 10s
Count and write from 401-500
Writing addition and subtraction facts
Review greater than and less than
- 1019** Character objective: Humble
Scriptures: I Peter 5:5
Review place value
Addition
Subtraction
Addition with carrying to tens
Review even and odd numbers
Review numbers and their number words
Use a graph to solve a problem
- 1020** Character objective: Merciful
Scripture: Luke 6:36
Even and odd numbers 1-10
Subtraction with borrowing from tens
Write missing numbers in addition and subtraction problems
Number words 0-20
Match symbol with word
Match word with how many
- 1021** Character objective: Perseverant
Scripture: Galatians 6:9
Number word for which one
Learn to count and write by 3s
Addition with carrying to tens
Subtraction with borrowing from tens
Word problems
- 1022** Character objective: Responsible
Scripture: Romans 14:12
Review place value - 1s, 10s, & 100s
Add 4 numbers
Add and carry
Count on a number line
Write numbers that come after, before, and between
- 1023** Character objective: Submissive
Scripture: Hebrews 13:17
Time; hour, half-hour, quarter-hour
Begin learning about times (x)
Points and lines
Shapes; circle, square, triangle, rectangles
- 1024** Character objective: Tolerant
Scripture: Romans 14:13
Add pennies, nickels, dimes and quarters
Add and subtract cents
Learn times (X) with cents
Length; inches, centimeters
Liquids; cups, pints, quarts, gallons
Same measures of volume

Math Level 3

- 1025** Character objective: Available
Scripture: Matthew 9:9
Count and write by 2s, 3s, 4s, 5s, 10s, and 100s
Compare addition to multiplication
Relate multiplication to addition - 2 and 4 x 1 digit
Write numbers in place value - 1s, 10s or 100s
- 1026** Character objective: Considerate
Scripture: Philippians 2:4
Count 501-600
Work addition/subtraction problems with data from a table
Multiply 2 by 1-9
- 1027** Character objective: Creative
Scripture: Romans 12:2
Count 601-700
Multiply 0s, 1s, and 2s
Work word problems, multiplying 2s
Use comma to separate thousands from hundreds
- 1028** Character objective: Diligent
Scripture: Colossians 3:23
Count 701-800
Multiply 3 by 1-9
Add and carry to 100s - 3 digits plus 2 or 3 digits
Subtract 3 digits minus 2 or 3 digits
- 1029** Character objective: Fair
Scripture: Matthew 7:12
Count 801-900
Multiply 4 by 1-9
Add and carry to 100s
Subtract 3 digits minus 2 or 3 digits
Circle objects in groups of 2 or 5 (division)
- 1030** Character objective: Friendly
Scripture: Proverbs 18:24
Count and write from 901-1000
Match addition/subtraction word sentences with its number sentence
Multiply 5 by 1-9
Work word problems, multiplying 2s -5s
Multiply 2 or 3 digits times 1 digit
Write numbers for number words to the thousands
- 1031** Character objective: Joyful
Scripture: Ephesians 5:10
Count and write by 1s, 2s, 3s, 4s, 5s, and 6s
Add and carry to 10s and 100s
- 1031** Borrow and subtract from 10s and 100s
Multiply 6 by 1-9
Write in missing +, -, or = sign for number sentences
Write Roman numerals for 1-10
- 1032** Character objective: Observant
Scripture: Mark 14:30
Count and write by 7s
Add doubles; e.g., 4 + 4
Multiply 7 by 1-9
Circle the greater set
Circle the numbers of objects that are greater/less than
Write the number of objects in a set
- 1033** Character objective: Persuasive
Scripture: Mark 4:38
Count and write by 8s
Subtract and check by addition
Use and write on addition/subtraction charts
Multiply 8 by 1-9
Divide by 2
- 1034** Character objective: Respectful
Scripture: I Thessalonians 5:13
Count and write by 9s
Add 4, 1 digit by 2 digits addends
Add and carry to 10s
Work word problems with add and carry
Borrow and subtract from 10s
Work commutative multiplication problems
Multiply 9 by 1-9
Circle objects to divide into groups of 3
Divide by 3
- 1035** Character objective: Tactful
Scripture: Colossians 4:8
Use a number line to divide by 2, 3, 5, and 6
Tell time on hour or half-hour
Divide objects or sets of objects into halves
Divide clock into minutes and tell time to 5 minute intervals
Convert time from “past the hour” to “to the hour”
- 1036** Character objective: Truthful
Scripture: Ephesians 4:25
Count and write by 10s
Count money
Multiply 0¢ - 9¢
Convert multiples of 10¢ to number of dimes
Compute how many of a priced item one can buy with amount of ¢
Convert amount in ¢ and \$
Convert centimeters to metres
Measure weights in kilograms
Measure liquids in millilitres and litres

Math Level 4

- 1037** Character objective: Committed
Scripture: Psalm 37:5
Add 3 numbers
Review addition
Review adding and carrying
Review borrowing and subtraction
Multiply a number times 10
Multiply 0s-9s
Count and write by 1s-9s
- 1038** Character objective: Consistent
Scripture: I Corinthians 15:58
Addition with carrying to tens
Multiply 0s-9s
Multiply 11s
Write numbers in words
Write numbers in expanded form
Use a number line to divide by 2
Count and write by 11s
- 1039** Character objective: Decisive
Scripture: Joshua 24:15
Add 4 numbers
Multiply 0-11
Divide by 1 & 2
Check division by multiplication
Round numbers on a number line to the nearest 10
- 1040** Character objective: Discerning
Scripture: Ezekiel 44:23
Multiply and carry 2 digits times 1 digit
Divide by 1-4 and check by multiplication
Round numbers on a number line to the nearest 5 or 10
- 1041** Character objective: Faithful
Scripture: I Corinthians 4:2
Addition, with carrying to hundreds
Subtraction, with borrowing from hundreds
Multiplication, count and write by 1s to 6s
Word problems, without carrying
Write Roman numerals 1-50
- 1042** Character objective: Generous
Scripture: Acts 20:35
Addition with carrying to tens and hundreds
Subtraction with borrowing from tens and hundreds
Multiplication, count and write by 1s to 7s
Check division with multiplication
- 1043** Character objective: Kind
Scripture: Ephesians 4:32
Add and carry to tens and hundreds
Check addition with subtraction
Check subtraction with addition
Borrow and subtract tens and hundreds
Multiplication, count and write by 1s to 8s
Divide by 1-7 with remainders
- 1044** Character objective: Optimistic
Scripture: Romans 8:25
Mathematical terms for Addition - addends, sum
Subtraction - minuend, subtrahend, difference
Multiplication - multiplier, multiplicand, product
Count and write by 1s to 9s
Divide 1-8 and check by multiplication
- 1045** Character objective: Prudent
Scripture: Proverbs 14:15
Addition carrying to tens and hundreds
Subtraction borrowing from tens and hundreds
Multiplication, count and write by 1s to 11s
Divide by 9 with remainders
Write how many sides are found in a circle, square, rectangle, triangle, and pentagon
- 1046** Character objective: Secure
Scripture: Job 11:18
Add and carry 3, 2-digit addends
Borrow and subtract from 10s and 100s
Work multiplication facts
Divide by 2-9
Use shaded circles, squares, rectangles, and triangles to introduce fractions
- 1047** Character objective: Punctual
Scripture: Ecclesiastes 3:1
Time
Multiply and carry
Add and carry and check by subtraction
Borrow and subtract and check by addition
Learn about decimals
Divide
Add and subtract like fractions
- 1048** Character objective: Virtuous
Scripture: Philippians 4:8
Count dollars and cents
Add and subtract dollars and cents
Count change
Measure length, weight and liquids
Add and subtract like fractions

Math Level 5

- 1049** Character objective: Compassionate
Scripture: I Peter 3:8
Review adding and subtracting 2-4 digits numbers
Write number words to thousands
Review basic concept fractions
Review checking addition, subtraction, multiplication, and division facts
Review checking answers
- 1050** Character objective: Content
Scripture: Philippians 4:11
Borrow with zeros
Write ordinal numbers two ways
Learn about equivalent fractions
Write number words to ten thousands
- 1051** Character objective: Deferent
Scripture: I Corinthians 10:33
Prime numbers
Determine Greatest Common Factor
Multiply 2-digit numbers
Write number words to hundred thousands
- 1052** Character objective: Discreet
Scripture: Psalm 112:5
Multiply 2 and 3 digit numbers
Divide 3 and 4 digit numbers
Learn rules for finding factors
Learn about multiples
- 1053** Character objective: Fearless
Scripture: II Timothy 1:7
Find the perimeter of a figure or an object
Learn the factoring rule for 9
Add and subtract like fractions and reduce answers to lowest terms
Learn about decimals to the tenths' place
- 1054** Character objective: Gentle
Scripture: II Timothy 2:24
Learn about decimals to the 100ths place
Estimate by rounding to the nearest 100
Learn about fractions equal to one
Change improper fraction to whole or mixed numbers and reduce answers to lowest terms
- 1055** Character objective: Loyal
Scripture: John 15:13
Addition with carrying and checking
Find the area of a figure
Learn about percentages
Add and subtract decimals
Subtract fractions
- 1056** Character objective: Patient
Scripture: Hebrews 12:1
Learn about decimals and decimal equivalents
Roman numerals to 399
Multiply fractions using cancellation
Find equivalent fractions using multiplication
Learn about points, lines, angles, and polygons
Learn about congruent sides and figures
- 1057** Character objective: Purposeful
Scripture: Psalm 119:2
Read and answer questions about charts
Learn about ratio
Add and subtract fractions and mixed numbers with unlike denominators
Review lines, angles, and polygons
Learn about lines of symmetry
Define geometric shapes as plane figures or solid figures
Multiply fraction and whole numbers
- 1058** Character objective: Self-controlled
Scripture: I Thessalonians 5:22
Addition, subtraction and multiplication with 4 digits
Division with checking and remainders
Multiply decimals
Complete activities using bar graphs
Learn about parallelograms
Review geometric shapes, lines of symmetry, and congruent figures
Learn about volume
Learn about the Least Common Denominator (LCD)
- 1059** Character objective: Thorough
Scripture: Ecclesiastes 9:10
Review rounding to the nearest 10 & 100
Change mixed numbers to improper fractions
Multiply mixed numbers with whole numbers, mixed numbers, or fractions
Review geometric figures and terms
Round decimals to the nearest whole number
- 1060** Character objective: Appreciative
Scripture: I Thessalonians 5:18
Count dollars and cents
Add, subtract, and multiply dollars & cents
Learn the metric units of measure for length, volume, and weight
Learn the meaning of the prefixes centi-, milli- and kilo-
Learn about the English units of measure for length, liquid, and weight
Learn about pictographs

Math Level 6

- 1061** Character objective: Concerned
Scripture: Galatians 6:2
Review adding and subtracting with 3-5 digit numbers
Review multiplication with checking
Learn about inverse operations
Review rules for finding factors of numbers
Identify prime and composite numbers
Review the basic concepts of fractions, equivalent fractions, and fractions with like denominators
- 1062** Character objective: Cooperative
Scripture: Psalm 133:1
Round numbers to the nearest multiple of 1000
Find common factors and determine the GCF Division (divisors up to 99)
Identify proper, improper and equivalent fractions
Change improper fractions to whole or mixed numbers
Write fractions in simplest form
Make and interpret bar graphs
- 1063** Character objective: Dependable
Scripture: I Timothy 6:20
Multiply with multiples of 10, 100, and 1000 mentally
Review commutative, associative, and identity properties
Find the average
Review finding equivalent fractions
- 1064** Character objective: Efficient
Scripture: Ephesians 5:16
Write powers of 10 as exponents
Estimate products by rounding the factors
Find the Least Common Multiple
Multiply fractions and mixed numbers
- 1065** Character objective: Flexible
Scripture: Colossians 3:2
Learn about ratio and probability
Learn about the “mean”
Multiply decimals
Round large numbers
Find the area, using decimals as the length and width
Study and compare line graphs and bar graphs
- 1066** Character objective: Honest
Scripture: II Corinthians 8:21
Use the order of operations in evaluating expressions
Add and subtract whole numbers and decimals
Round decimals to the nearest whole number
Learn to use the divisibility rules
- 1067** Character objective: Meek
Scripture: James 3:13
Study the pattern of a sequence in order to determine the next term of the sequence
Compare unlike fractions by finding the LCD
Review dividing fractions
Learn about circle graphs
- 1068** Character objective: Peaceful
Scripture: John 16:33
Determine if two ratios are equivalent by using cross products
Define proportions
Compare unlike fractions by using cross products
Divide mixed numbers
- 1069** Character objective: Resourceful
Scripture: I Thessalonians 4:11
Review order of operations
Review adding, subtracting, multiplying, and dividing fractions
Learn about positive and negative numbers using the number line and the thermometer
Change a fraction to a decimal by division
- 1070** Character objective: Sincere
Scripture: Joshua 24:14
Review positive and negative numbers
Round numbers and find the closest estimate
Review adding, subtracting, multiplying, and dividing decimals
Learn about terminating and repeating decimals
Change fractions to terminating or repeating decimals
Compare decimals, fractions, and percentages
- 1071** Character objective: Attentive
Scripture: Hebrews 2:1
Learn about points, lines, line segments, and rays
Name parallel lines and line segments using the symbol \parallel
Name perpendicular lines and line segments using the symbol \perp
Identify and compare kinds of angles
Use a protractor to construct and measure angles
- 1072** Character objective: Thrifty
Scripture: Proverbs 21:20
Use a formula to find the area of a geometric shape
Describe and identify the parts of a circle
Describe and identify solid figures
Compare plane figures and solid figures
Learn about volume and cubic units
Use a formula to find the volume of a rectangular prism
Find the perimeter of a polygon

Math Level 7 (Pre-Algebra)

- 1073** Scripture: Philippians 4:13
Practice reading and writing whole numbers through the hundred trillions' place
Learn to identify and solve for perfect squares and square roots
Find the prime factors of a number
Solve word problems by estimating answers
- 1074** Scripture: Deuteronomy 31:6
Basic concepts of fractions and decimals
Addition and subtraction of mixed numbers
Changing mixed numbers to improper fractions
Add, subtract, multiply, and divide fractions, decimals and mixed numbers
- 1075** Scripture: Colossians 3:13
Determine the mean, mode, median, and range from a list of data
Graphically represent and interpret data
Collect, analyze, and present data about a problem situation involving two data sets
Find the probability
Solve word problems using probability, permutations, and combinations
- 1076** Scripture: I Peter 5:5
Translate word phrases and word problems
Write equations for word sentences
Solve two-step equations
Learn about inequalities
Solve and graph inequalities on a number line
- 1077** Scripture: Luke 6:36
Compare and order integers
Add, subtract, multiply and divide positive and negative integers
Solve equations with integers
Plot and identify plotted points on a coordinate plane
Learn proper set notation
- 1078** Scripture: I Corinthians 2:2
Write numbers in scientific notation
Describe and recognize rational and irrational numbers
Solve word problems using proportions in similar triangles, map scales, unit cost, and unit price
Use the distance formula to solve for distance, rate, and time
Convert between English and metric measures
- 1079** Scripture: Proverbs 1:3
Memorize the percent equivalents of commonly used fractions
Compare, order, and determine equivalent relationships among fractions, decimals, and percents
Solve word problems using percents
- 1080** Scripture: Galatians 6:9
Identify the kinds of angles formed by a transversal
Learn to construct congruent line segments, a perpendicular bisector of a line, parallel lines and congruent triangles
- 1081** Scripture: I Thessalonians 5:13
Locate the ordered pair of the other vertex on a coordinate plane
Use formulas to find the perimeter
Use formulas to find the area of a circle, rectangle, square, parallelogram, and irregular shapes
Compare and contrast the number of faces, vertices, and edges of three-dimensional figures
Learn how to find the surface area of rectangular, cubic, and triangular prisms
- 1082** Scripture: Hebrews 13:17
Determine whether a given situation is calling for surface area or volume
Lengths and the volume of similar prisms
Learn to prepare a budget
Learn the value of savings
Learn about the services provided by banks
Learn about investing money
- 1083** Scripture: Romans 14:13
Learn to make change
Use circle graphs with budgets to show decimal and percent relationships
Learn how interest is earned and charged
Solve problems involving tips, discounts, and sales tax
Calculate profit and loss of sales, rate of profit and loss, commission and net proceeds, rate of commission, and discounts and net price
- 1084** Scripture: Matthew 9:9
Use the English units of length, weight, and volume
Learn to add and subtract units of time
Learn to add and subtract English units of measurement
Use the metric units of length, weight, and volume
Convert Celsius and Fahrenheit degrees

Math Level 8 (Pre-Algebra)

- 1085** Scripture: Philippians 2:4
Round and estimate with whole numbers and decimals
Reinforce basic number theory and fractions
Add, subtract, multiply, and divide fractions, mixed numbers, and decimals
Name, compare, and order decimals
Change fractions to decimals and decimals to fractions
- 1086** Scripture: Romans 12:2
Use a number line to compare and order integers
Write numbers in standard form and in scientific notation
Multiply numbers in scientific notation
Use negative and zero exponents
Learn about number systems
Learn about perfect squares and radicals
- 1087** Scripture: Colossians 3:23
Translate word phrases and word problems into algebraic expressions
Solve one and two-step equations
Learn to add, subtract, multiply, and divide monomials
Solve problems using formulas as equations with fractions or exponents
- 1088** Scripture: Matthew 7:12
Solve equations containing squares and radicals
Solve inequalities
Learn to add, subtract, multiply, and divide binomials and polynomials
Solve two-step inequalities
Solve word problems using equations
- 1089** Scripture: Proverbs 18:24
Determine the equality of ratios
Solve proportions using cross products
Calculate rates and unit rates
Solve word problems and applications
Find the scale factor of dilation
Use the Pythagorean Theorem
Use the tangent, sine, and cosine ratios
- 1090** Scripture: Ephesians 5:19
Use measurements of central tendency
Make frequency tables and line plots
Read graphs correctly
Make and interpret data
Learn about probability
Construct sample spaces
Find combinations using Pascal's Triangle
- 1091** Scripture: Mark 14:38
Identify intersecting lines and the angles formed by them
Calculate the measure of an unknown angle
Use a compass and straightedge
Classify and identify congruent triangles
Find the sum of the measure of the interior angles of a polygon
Find the area of polygons and circles
- 1092** Scripture: II Timothy 2:25
Identify three-dimensional figures
Calculate the surface areas of rectangular, cubic, and triangular prisms
Calculate the surface area of cylinders, pyramids, cones, and spheres
Calculate the volume of prisms, cylinders, pyramids, cones, and spheres
- 1093** Scripture: Romans 14:12
Identify the domain and range of a relation
Determine if a relation is a function
Learn to use functional notation
Learn about slope and slope-intercept
Solve a system of two simultaneous equations by graphing
Graph ordered pairs and equations
- 1094** Scripture: Colossians 4:6
Solve problems in length, weight, and volume using the metric system of measurement
Learn the relationships between the English and metric systems of measurement
Convert Celsius, Fahrenheit and Kelvin degrees
- 1095** Scripture: Ephesians 4:25
Write fractions and decimals as percents
Find percents greater than 100%
Find a part or percent of a number
Find percent of increase and decrease
Calculate markup, amount of discount, sales price, and regular price
Calculate simple and compound interest
- 1096** Scripture: Psalm 37:5
Determine interest payments on loans and mortgages
Determine sales tax on sales at varying percentages
Calculate property taxes
Define different types of life insurance
Determine basic life insurance rates and policies

Math Level 9 (Algebra I)

- 1097** Character objective: Consistent
Scripture: I Corinthians 15:58
Definitions of algebra, signs of operation, algebraic expressions
Exponents, radical signs, powers, and roots
Order of operations for combining terms
Positive and negative numbers
Adding, subtracting, multiplying, dividing
Stating numerical relationships
- 1098** Character objective: Decisive
Scripture: Joshua 24:15
Solving and proving algebraic equations
Equations with one unknown
Axioms for solving algebraic equations
Transposing terms in algebraic equations
Cancelling terms in algebraic equations
Simplifying equations by multiplying or dividing Word problems
Equations with parentheses
- 1099** Character objective: Discerning
Scripture: Ezekiel 44:23
Review of monomials
Addition-subtraction
Multiplication-division
Polynomials in proper order
Addition-subtraction
Multiplication-division
Review of basic math and algebra
- 1100** Character objective: Faithful
Scripture: I Corinthians 4:2
Using parentheses, brackets, and braces in algebra
Multiplying polynomials horizontally
Recognizing the difference of two squares
Factoring the difference of two squares
Recognizing a perfect square trinomial
Factoring a perfect square trinomial
Factoring polynomials
- 1101** Character objective: Generous
Scripture: Acts 20:35
Algebraic fractions
Reducing – simplifying
Addition – subtraction
Multiplication – division
Simplifying complex fractions
Substituting numerical values and simplifying Word problems
Solving and proving fractional equations
Review of basic math and algebra
- 1102** Character objective: Kind
Scripture: Ephesians 4:32
Simple simultaneous equations
Addition, substitution, subtraction
Algebraic graphs – Linear equations
Inconsistent and dependent equations
Word problems
Review of basic math shortcuts for multiplying and dividing
- 1103** Character objective: Optimistic
Scripture: Romans 8:25
Recognizing sets and subsets
Stating the union and intersection of sets
Using Venn diagrams
Equations with one unknown
Recognizing, solving, graphing
Compound inequalities
Solving, graphing
Inequalities with two unknowns
Solving, Graphing
Review of basic math (including percents)
- 1104** Character objective: Prudent
Scripture: Proverbs 14:15
Multiplying and dividing terms with exponents
Using terms with a zero exponents
Changing terms with negative exponents to terms with positive exponents
Finding roots and powers of expressions
Using fractional exponents
Simplifying radical terms, Finding square roots, Using the Pythagorean Theorem Review of basic math
- 1105** Character objective: Secure
Scripture: Job 11:18
Radical equations
Incomplete quadratic equations
Quadratic equations
factoring, completing the square, quadratic formula
Word problems
Review of basic math
- 1106** Character objective: Temperate
Scripture: Titus 2:12
Averages, percent, and interest
Area and volume, numbers and quantity
Translating word problems to algebraic equations, solve and check
Review basic algebra
- 1107** Character objective: Virtuous
Scripture: Philippians 4:8
Ratio and proportion
Evaluating formulas
Relationship between variables in formulas
Stating and solving problems
About work, money and mixtures
- 1108** Character objective: Compassionate
Scripture: I Peter 3:8
Review of concepts taught in Algebra PACEs 1097-1107
Comprehensive Final Test

Math Level 10 (Geometry)

- 1109** Getting acquainted with geometry
Points, lines, and circles
Basic constructions
Angles (with constructions)
Properties of Equality
Types of angles
Triangles (SSS, SAS, ASA Postulates)
- 1110** Introduction to proofs
Deductive reasoning
Introduction to formal proofs
Congruent triangles
Congruent right triangles
- 1111** Parallel lines and Constructions
Parallel lines (basic proofs)
Transversals intersecting parallel lines
Proving converse of theorem
Angles of a triangle
Construction theorems
- 1112** Polygons and Quadrilaterals
Types of polygons
Angles of polygons
Types of quadrilaterals
Theorems concerning parallelograms
Rectangles, rhombuses, squares, and trapezoids
- 1113** Loci and Circles
Locus
Circumference and area of circles
Central angles and arcs
Arcs and chords
Tangents
Theorems of tangency
- 1114** Measurements of angles in a circle
Inscribed and circumscribed polygons
An inscribed angle and its measure
Angles formed by a tangent and a secant
Angles between two secants intersecting within a circle
Angles formed by two secants, two tangents, or a tangent and a secant
Circle constructions
- 1115** Inequalities
Exterior Angle Theorem
Triangle Inequality Corollary
Hinge Theorem
Converse of the Hinge Theorem
Inequalities in Circles
- 1116** Ratios and Proportions
Proportions and properties of proportion
Similar polygons
Segment proportionality
Constructing proportional segments
Angle bisection and proportionality

1126	First-Degree Functions Second-Degree Functions	1132	Matrices Axioms of Matrices Determinants and Systems of Equations

Math Level 12 (Trigonometry)

- 1133** Review properties of angles and triangles
Learn the definitions of the six trigonometric functions for acute triangles
Find the values of the trigonometric functions using a graphic calculator
Establish and use basic trigonometric identities
Show that the values of the trigonometric functions depend only on the triangle
Solve problems involving right triangles
- 1134** Review properties of the Cartesian coordinate plane
Measure angles in both degrees and radians
Define the six trigonometric functions for any angle
Understand that the trig functions are well-defined
Find reference angles and know how to use them
Use the unit circle to find the values of the trig functions
Use identities and quadrants to find missing trig values
- 1135** Convert among speeds associated with a tire
Express intervals of real number in interval notation
Graph the sine and cosine functions by plotting points
Graph all six trig functions using a graphic calculator
Find the domain, range, and period of a trig function
Determine the amplitude of a sine or cosine function
Identify special points on a graph using a graphing calculator
- 1136** Convert data to a more convenient form
Create a scatter plot for a set of bivariate data
Use sinusoidal regression to model data
Verify trigonometric identities
Learn several more important sets of identities
Define the inverse functions for sine, cosine, and tangent
Find angle measures from the lengths of the sides of a triangle
- 1137** Solve trig equations graphically
Solve trig equations algebraically using the unit circle
Solve trig equations algebraically using the inverse trig functions
Find missing lengths and angle measures using the Law of Sines
Find missing lengths and angle measures using the Law of Cosines
Distinguish among AAS, ASA, SAS, SSS, and the Ambiguous Case
Find the areas of triangles using trigonometry
- 1138** Conclude the study of triangles
Model simple harmonic motion
Learn the polar coordinate system and graph equations in the polar plane
Convert equations and points between rectangular and polar coordinates
Review complex numbers and complex number arithmetic
Graph complex numbers as points on a plane
Multiply complex numbers in polar form and find powers and roots of complex numbers

Math Level 12 (Calculus)

- 1139** Scripture: Matthew 15:10-11
Prepare the student for calculus
Relations
Functions
Set builder notation
Interval notation
Slope of a line
Limits of a function
Look at limits and different methods of solving them
Continuous and discontinuous functions
- 1140** Scripture: Isaiah 1:17
Study the first formula for derivatives
Learn how to find the tangent line to a parabola
Understand rates of change
Study the derivative
Study velocity and how it relates to the derivative
Study the constant rule
Study the power rule
Study the sum and difference rule
Study the product rule

- 1100** Sponges, Coelenterates, Mollusks, and Echinoderms
Scientific proof for Creation of invertebrates
Sponges:
Characteristics
Body structures and functions
Reproduction
Coelenterates:
Characteristics
Body structures and functions
Reproduction
Echinoderms:
Body structures and function
Types
Characteristics and life processes
- 1101** Worms and Arthropods
Segmented worms, Earthworms, Marine worms, Leeches, Flatworms, Planarians, Tapeworms, Flukes, Roundworms, Arthropods, Spiders, Other arachnids, Crustaceans, Centipedes and millipedes, Insects
- 1102** Plants
Characteristics
Binomial nomenclature classification
Vascular plants, leaves, stems and roots, flowers
Reproduction, nonvascular plants
- 1103** Microorganisms
Protists, Algae, Protozoa, Fungi, Microscope
Cell theory, Plant cells, Animal cells, Bacteria and viruses
- 1104** Man:
Skin
Skeleton
Muscles
Integumentary system:
Function
Layers of skin
Structures
Skeleton:
Function
Major bones
Structure of bones
Types of joints
Muscles:
Types and functions
Action
- 1105** Man:
Nerves
Circulation
Respiration
Nerves:
Organs of central nervous system
The brain
Neurons sensory organs
Drugs
Circulation
Heart
Veins
Arteries
Capillaries
Blood:
Red and white blood cells and platelets
Blood types
Organs
Phases
- 1106** Man: Nutrition and growth
Digestive system, nutrients, sugars, vitamins, food groups
Sweat glands and kidneys
Exocrine and endocrine glands
- 1107** Man: Reproduction, genetics, and embryology
Reproduction: Steps of mitosis
Difference between mitosis and meiosis
Reproduction: Abortion, genetics
Inheritance of physical traits
Applied genetics
Refuting mutations as a basis for theory of evolution Embryology
- 1108** Ecology and Conservation
Earth's pre-Flood environment
Major biomes of Earth, Ecological succession
Biotic and abiotic factors
Modern environment problems
Pollution
Endangered species

Science Level 10 (Physical Science)

- 1109** Foundations of Physical Science
Definition and limitations of science
Science and Scripture
The scientific method
Scientific measurement
Fundamental and derived units conversion,
Scientific notation, significant figures
- 1110** The Composition of Matter
Introduction
Homogeneous substances
Heterogeneous substances
Two views of chemistry:
 Chemistry and you
 Phases and classification of matter
- 1111** Gas Laws
Nature of gases
Boyle's law
Charles' law
Gay Lussac's law
combined gas law
Focus on Robert Boyle
Air and atmospheric pressure:
Properties of gases
Kinetic theory of gases
Pressure and density of gases
- 1112** The Chemical Structure of Matter:
Formation of chemical compounds
Structural design
Elemental periods and families
Bonding:
Electron structure
Valence, ionic charges, and radicals
Chemical formulas and equations
Chemical reactions
Acids and bases
Conservation of matter and definite proportions
- 1113** Metals and Metalloids
Chemical and physical properties of metals
Alkali metals: lithium, sodium, potassium,
 rubidium, cesium, francium
Alkaline-earth metals: beryllium,
 magnesium, calcium, strontium, barium,
 and radium
Transition Metals
Aluminum and the metalloids
Chemical and physical metallurgy
- 1114** Nonmetallic Elements
Water and its elements
Physical and chemical properties of water
Group VA elements: Nitrogen, phosphorus
Group VIA elements: Selenium, sulfur
Halogens
Rare gases
- 1115** Organic Chemistry
Carbon and its compounds
Organic compounds:
 Hydrocarbons
 Alcohols
 Aldehydes
 Carboxylic acids
Biochemical compounds:
 Carbohydrates
 Lipids
 Amino acids
 Proteins
- 1116** Laws of Motion and Gravitation
Laws of motion
Gravity
Law of universal gravitation
Universal gravitational constant relationship of
 mass and weight
Focus on Isaac Newton
Energy
Simple machines and mechanical advantage
- 1117** Sound
Wave motion
Properties of wave motion:
 Reflection, refraction, diffraction, interference
Sound waves
Nature and speed of sound:
 Pitch, intensity, reflection, refraction, and
 diffraction of sound waves
Interference and beats resonance
Doppler effect
- 1118** Light, Optics, and the Electromagnetic Spectrum
Light:
 Nature of light
 Visible spectrum
 Velocity of light
Optics
Magnetism:
 Electromagnetic spectrum
 Force of magnetism
 Magnetic substances
 Domains
- 1119** Electricity
Electrostatics
Current electricity
Electric circuits
Electronics and computers
- 1120** Modern Physics
Nuclear Radiation
Radioactive Decay
Fission and fusion reactions
Physics of the 21st century
Space exploration

Science Level 11 (Chemistry)

- 1121** Introduction to chemistry
How chemistry relates to you
Fields of study and careers in chemistry
The scientific method
The history and development of chemistry
Measurement
Significant figures
Notation
- 1122** Basic elements of chemistry
Classification of matter
Compounds and mixtures
Elements, atoms, and molecules
Atomic models, atomic structure, and atomic properties
- 1123** Phases of matter
The four phases (solid, liquid, gas, plasma)
Mass and density
Heat and changes of phase
Gases and gas laws
- 1124** Chemical bonding
Covalent, ionic, and metallic chemical bonding
Electron structure and configuration
Valence and electronegativity
Periodic law and the Periodic Table of the Elements
- 1125** Stoichiometry and chemical reactions
Chemical equations
Types of chemical reactions
Balancing chemical reactions
Reaction energy and chemical equilibrium
Percentage composition
Redox reactions
- 1126** Solutions
The solution process
Concentration of solutions
Colligative properties of solutions
Aqueous solutions
- 1127** Acids, bases, oxides, and hydroxides
Acid-base titration
Concentration of acids, pH
- 1128** Chemical kinetics and equilibrium
Thermodynamics
Reaction energy, enthalpy, & entropy
Reaction rates
Catalysts
Reversible reactions
Chemical equilibrium
Le Chatelier's Principle
- 1129** Oxidation-reduction reactions and electrochemistry
Oxidation numbers
Oxidizing and reducing agents
Electrolysis
Electroplating
Electrochemical cells
- 1130** Descriptive chemistry Inorganic metallic chemistry of alkali metals, alkaline-earth metals, transition metals, and metalloids
Metallurgy
Chemistry of inorganic non-metals
Halogens
Rare gases
- 1131** Organic chemistry
Carbon and the nature of organic compounds
Hydrocarbons
Benzene series
Polymers
Alcohols
Aldehydes
Ketones
Ethers
Carboxylic acids
Esters
Soaps and detergents
- 1132** Modern Chemistry (Nuclear chemistry and Biochemistry)
Carbohydrates
Proteins
Lipids
Amino acids
Nucleic acids
Enzymes and metabolism
Photochemistry
Radioactivity
Radiometric dating methods

Science Level 12 (Physics)

- 1133** An introduction to measurement and mathematics in physics and a study of force:
Scalars and vectors
Trigonometry
Force components
Torque, Equilibrium
- 1134** A study of motion and gravity:
Speed and velocity,
Acceleration
Projectile motion
Newton's three laws of motion
Kepler's three laws of motion
Inverse square rule
Law of universal gravitation
- 1135** A study of momentum and energy:
Force equation, Mass and weight
Conservation of momentum
Simple harmonic motion
Definition of work, energy, and power
Conservation of energy
Simple machines
- 1136** A study of solids, liquids, gases, and fluids:
States of matter
Crystalline and amorphous solids
Elasticity
Hooke's law
Pressure buoyancy, and hydraulics
Gas laws
Atmospheric pressure
Viscosity Bernoulli's principle
- 1137** A study of heat:
Heat energy and temperature
Linear expansion
Heat capacity and specific heat
Latent heat of vaporization
Latent heat of fusion
Evaporation, Thermodynamics
Conduction, convection, and radiation
Diffusion, Ideal gases Kinetic theory of gases
- 1138** A study of wave motion and sounds:
Water and sound waves
Speed of sound
Pitch and loudness
Doppler effect
Reflection and refraction
Fundamental frequencies
Resonance, Quality, Interference Fourier analysis
- 1139** A study of optics and optical instruments:
Reflection and refraction
Dispersion
Lenses and mirrors
Total internal reflection
Microscopes and telescopes
- 1140** A study of light and electricity:
Visible and electromagnetic spectrum
Speed of light
Diffraction, interference, polarization, scattering, static electricity, lightning, Coulomb's law
Electric fields, Capacitors
Electrostatic generators
- 1141** A study of magnetism and electric circuits:
Natural magnets, Magnetic domains
Magnetic fields, Electromagnets Introduction,
Ohm's law
Current, voltage, and resistance
Series and parallel circuits Power and heat
- 1142** A study of electrochemistry and electrical devices:
Voltaic cells
Electrolysis
Batteries and electrochemical cells
Electric generators and motors
Transformers
Self-induction
Alternating and direct current
Electronic tubes
Semiconductor devices
- 1143** A study of radiation and nuclear energy:
Cathode rays
X-rays, Radioactive emission
Cosmic rays
Radiation detectors
The Bohr atomic model
Photoelectric effect
Laser light
Nuclear reactions
Fission and fusion
Special theory of relativity
- 1144** A review of physics:
Motion, force, and energy
Heat and thermodynamics
Fluids
Sound and light waves
Electricity
Modern physics
Magnetism and electromagnetism
Nuclear reactions
Special theory of relativity

Social Studies

Social Studies Level 1

- 1001** Character objective: Available
Scripture: Matthew 9:9
Learn about Ace and Baba
35 new words
Read stories and answer questions
- 1002** Character objective: Discerning
Scripture: Ezekiel 44: 23
Obedience
29 new words
Read stories and answer questions
- 1003** Character objective: Compassionate
Scripture: I Peter 3:8
Obedience, helpfulness, and giving
27 new words
Read stories and answer questions
- 1004** Character objective: Compassionate
Scripture: John 15:13
Adam, Eve, Cain, Abel, and Noah
37 new words
Read stories and answer questions
Stay by someone when they need me
- 1005** Character objective: Sincere
Scripture: Joshua 24:14
Church and school
God and Jesus
35 new words
Read stories and answer questions
- 1006** Character objective: Fair
Scripture: Matthew 7:12
Things with wheels
Things on water
Things in the sky
25 new words
Read stories and answer questions
- 1007** Character objective: Kind
Scripture: Ephesians 4:32
Learn to save
Learn to care for things
Learn good study habits
37 new words
Read stories and answer questions
- 1008** Character objective: Optimistic
Scripture: Romans 8:25
Hard work as a virtue
Learn to give to God
Share with others
16 new words
Read stories and answer questions
- 1009** Character objective: Persuasive
Scripture: II Timothy 2:25
Ownership
Different people and their work
Homes and clothing of different climates
22 new words
Read stories and answer questions
- 1010** Character objective: Accountable
Scripture: Romans 14:12
Globe and map study
Missionaries
16 new words
Read stories and answer questions
- 1011** Character objective: Tactful
Scripture: Colossians 4:6
Obedience to rules and laws
Learn to pray for leaders
16 new words
Read stories and answer questions
- 1012** Character objective: Truthful
Scripture: Ephesians 4:25
 Pilgrim
Canada
Love of God and church
Obedience to law

Social Studies Level 2

1013 Character objective: Committed
Scripture: Psalm 37:5
Friends
Camping
Learn to trust Jesus with my life
Draw similar shapes
34 new words

1014 Character objective: Consistent
Scripture: I Corinthians 15:58
Travel
Rules and laws
Farms and ranches
Do right always
Draw similar shapes
27 new words

1015 Character objective: Decisive
Scripture: Joshua 24:15
A community
Choose the right friends
Serving God
Do what God wants
Draw similar shapes
27 new words

1016 Character objective: Discerning
Scripture: Ezekiel 44:23
At the farm
Serving God
Knowing what is right
30 new words

1017 Character objective: Faithful
Scripture: I Corinthians 4:2
How to worship God
Tithes and offerings
Reading good books
Be true to God and others
Draw similar shapes
28 new words

1018 Character objective: Generous
Scripture: Acts 20:35
Ace's friends
Ace's church and school
Use all I have for God
31 new words

1019 Character objective: Kind
Scripture: Ephesians 4:32
Directions
Maps, signs, and the compass
Travel
Be kind and loving to others
Draw similar shapes
37 new words

1020 Character objective: Optimistic
Scripture: Romans 8:25
Meet Sandy and Becky
Fruits and orchards
Look for the best
21 new words

1021 Character objective: Friendly
Scripture: Proverbs 18:24
Meet new characters
How to make friends
22 new words

1022 Character objective: Secure
Scripture: Job 11:18
Missionaries
Spain
Everything should be for God
23 new words

1023 Character objective: Punctual
Scripture: Ecclesiastes 3:1
 Our country - Canada
Freedom
Capital
Prime Minister
Citizenship
Flags and pledges
Be on time
22 new words
Visual discrimination

1024 Character objective: Virtuous
Scripture: Philippians 4:8
 Ottawa
Famous buildings
Sir John A. MacDonald
Sir Wilfrid Laurier
Be what God wants me to be
26 new words

• Each PACE also includes reading stories and answering questions

Social Studies Level 3

- 1025** Character objective: Compassionate
Scripture: I Peter 3:8
Communications
Letters
Telephone, telegram
Languages
Sign language
Braille
Microphones
Tape recording
Printing press
Prayer
Give to others
35 new words
- 1026** Character objective: Resourceful
Scripture: Thessalonians 4:11
Conservation
 Water and land use
Look for things to do
44 new words
- 1027** Character objective: Deferent
Scripture: I Corinthians 10:33
Maps and globes
Continents
Get along with others
39 new words
- 1028** Character objective: Thorough
Scripture: Ecclesiastes 9:10
Farming
 Rice and wheat farms
 Sheep and dairy farms
Do the very best you can

- 1036** Character objective: Honesty
Scripture: II Corinthians 8:21
 Canadian Government
God's Law (Ten Commandments)
Do good and do right
Cain and Abel, Joseph
Purposes of Government
21 new words

• Also included in each PACE is reading stories and answering questions in cursive (when the examples are cursive)

Social Studies Level 4

- 1037** Character objective: Concerned
Scripture: Galatians 6:2
Abraham and Isaac
Jesus on the Sea of Galilee
How the Earth moves
Kinds of land and water on the Earth
- 1038** Character objective: Cooperative
Scripture: Psalm 133:1
God's promise to Abraham
Geography – Maps and globes
Directions and distances
Latitude and longitude
Transportation
Live and work with others in unity
- 1039** Character objective: Diligent
Scripture: Colossians 3:23
Jesus the teacher
Christian education
Command to parents
Command to disciples
World history of Christian Education
John Wycliffe
Finish every task because the Lord gave it
- 1040** Character objective: Committed
Scripture: Psalm 37:5
Missionaries
David Brainerd
Colonial life
Indians of New England

Social Studies Level 6 (Biblical History)

- 1061** Character objective: Considerate
Scripture: Philippians 2:4
Creation, Fall of man
Sons of Adam
The Flood
New World after the Flood
Think how others feel about things
- 1062** Character objective: Creative
Scripture Romans 12:2
Migration of Noah's descendants after the Flood
Tower of Babel
Terah, Abraham, Isaac, Jacob
The world in the times of the Patriarchs
Think of new ways to do things
- 1063** Character objective: Diligent
Scripture: Colossians 3:23
Jacob enters Canaan
Joseph journeys to Egypt
Great Famine
Joseph reunited with family
Jacob's death
Civilization from c.2000 to 1400 B.C.
Israel's oppression in Egypt
The Exodus
Finish every task because the Lord gave it to me
- 1064** Character objective: Fair
Scripture: Matthew 7:12
Israel in the wilderness
Civilization from c.1400 to 1000 B.C.
Preparation to enter Canaan
Conquest of Canaan
Judges of Israel
Do unto others as I want them to do to me
- 1065** Character objective: Friendly
Scripture: Proverbs 18:24
Fall of Israel to captivity of Judah
Office of prophet
Life of Samuel the prophet
Kingdom of Israel
Assyrian Empire
New Babylonian Empire
Make and keep friends
- 1066** Character objective: Joyful
Scripture: Ephesians 5:19
Captivity of Judah to return of Jews to Jerusalem
God's prophet for Israel, Isaiah
God's prophet for Judah
Persian Empire
Jerusalem rebuilt
Civilization from c.1000 to 500 B.C.
Be happy and sing to the Lord because I am right with God and others
- 1067** Character objective: Observant
Scripture: Mark 14:38
Rebuilding of Jerusalem to the birth of Christ
The "Silent Years"
Greece, Rome, Jerusalem
Religious and political groups in Jerusalem
Pay attention
- 1068** Character objective: Persuasive
Scripture: II Timothy 2:25
Life of Christ
Birth and early life
Early ministry
Death and resurrection
Help others know what is right from God's point of view
- 1069** Character objective: Responsible
Scripture: Romans 14:12
History of the Early Church
Ministry of Church to Gentiles
Miraculous deliverance of Peter
First missionary journey of Barnabas and Saul, Council at Jerusalem
Second missionary journey of Paul
Third missionary journey of Paul
Know and do what I should without someone telling me
- 1070** Character objective: Tactful
Scripture: Colossians 4:6
Great Christian leaders from A.D. 100 to A.D. 430
Ignatius, Polycarp, Justin Martyr
Irenaeus, Eusebius, Athenasius
Chrysostom, Augustine
Say and do the right thing at the right time
- 1071** Character objective: Truthful
Scripture: Ephesians 4:25
Great Christian leaders from A.D. 1300 to A.D. 1500
John Wycliffe, John Huss
Martin Luther, John Calvin, John Knox
Tell the truth and thereby earn the trust of others
- 1072**  Character objective: Committed
Scripture: Psalm 37:5
A Pendulum Swings
Great Awakening in Canada
New Colony
Circuit-Riders in Upper Canada
Heritage of a Nation

- 76** "D.L. Moody" - Faith Coxe Bailey, Paperback, 158 pgs.
D.L. Moody's reaction was quick and to the point. "No! A thousand times, no! I have no intentions of standing off here in New York City and approving something I know so little about. But I'll think it over, Emeline. Then one of these days, I'll come out to Chicago and we can talk some more about it."
Moody's initial reaction to that "something" was to change through God's leading. That "something" is now the world-renowned Moody Bible Institute, which trains hundreds of men and women each year to understand and use the Scriptures.
D.L. Moody dared to take up a challenge and see what God could do with a life totally committed to Him. Here is the story of the greatest American evangelist of the 1800s and the founder of the Moody Bible Institute.

- 78** "Through Gates of Splendor" - Elisabeth Elliot, Paperback, 272 pgs.
In January 1956, a tragic story flooded headlines around the world. Five men, spurred by a passion to share the good news of Jesus Christ, ventured deep into the jungles of Ecuador. Their goal: to make contact with an isolated tribe whose previous response to the outside world had been to attack all strangers. At an agreed-upon time, their five young wives sat by their radios, waiting for a message that never came...
Through Gates of Splendor, the story of Nate Saint, Roger Youderian, Ed McCully, Pete Fleming, and Jim Elliot, was first recorded in 1956 by Jim's widow, Elisabeth. Decades later, its story of unconditional love and complete obedience to God still inspires new readers. This edition contains subsequent developments in the lives of the families and the Waodani tribe.
Write a composition
- 82** "By Seaching" - Isobel Kuhn, Paperback, 160 pgs.
Isobel Miller gave up God for worldly pursuits. But as graduation approached and her engagement was broken, she questioned that decision.
"If You will prove to me that You are, and if You will give me peace, I will give You my whole life."
God heard Isobel's prayers. He reached out to her, ending years of searching. Her response was to dedicate her life, along with her husband, to missionary service in China.
Write a composition
- 84** "The Swiss Family Robinson" - Johann Wyss, Hardcover, 328 pgs.
Left behind when the other passengers on their sinking ship flee in lifeboats, the Robinson family is faced with the challenge of surviving on their own on an unknown desert island. Join Mr. and Mrs. Robinson and their sons, Fritz, Ernest, Jack, and Francis, as they explore the island, discover new foods, and even tame an ostrich. Each day brings new adventures, but they learn not only to survive, but also to enjoy their new home.
